LET'S SEE

OUR MISSION

"AN GLOBAL SERVICES" began with the goal of assisting all manufacturers and importers across the world in meeting the standards required to get Indian product certification.

An global services was founded in 2018. The core mission of our company is to create a bridge between manufactures/ importers and regulatory authorities/ ministries for seamless conformity assessment compliance and to establish a world class quality assured environment through testing and certification.

We have experienced team to deliver efficient services. Trust and support of huge clientele spread around the globe. Sound networking with reputed agencies & government department.

HOW WE WORK

PROJECT MANAGEMENT

We at An global services consider that quality in service is our first priority . Here in An global service, we have a complete end-to-end encrypted internal online system and customer Relationship Management (CRM) system, to manage a company's interaction with valuable and potential customers, daily updates on running projects and notifications for upcoming government norms & rules.

We have complete project tracking and targets for the operation team to complete the projects within time frames.
